Subject: Wickland,Oakland 3875 Telegraph Avenue Report Submittal Extension Request

Jerry:

We are writing to request an extension for the submittal of Site Investigation Report due April 29, 2008. Since we were limited to weekend work for a majority of the drilling, the investigation extended out to the first weekend in April. Therefore, we have just received the laboratory analytical data, which indicated unusual chromatographic patterns of total petroleum hydrocarbons not consistent with historical onsite uses; thus, we have requested further chemical analysis by the analytical laboratory, which is anticipated to require an additional two weeks. Therefore, we are requesting an extension for the submittal of the Site Investigation Report to May 30, 2008.

Please call me at 415/460-6770, extension 206 or Peter Krasnoff at 415/460-6770, extension 208, if you have any questions.

Peter Morris
