☐ Excavate & Dispose (ED) ☐ Free Product Removal (FPR) ☐ Replace Supply (RS)

COMMENTS

This is being filled out at the request of the Fire Dept. The tanks were tested and found to be tight numerous times and were continuously electronically monitored without issue. There was no inventory shortage under our ownership. We have no indication or evidence of any missing product or leak of any kind. We have only owned the tanks for 25 months of the 35 years the tanks have been in this station.
