Paresh,
I am forwarding two reports submitted to me by the developer. Pesticides were found in the soil samples. Can you let the sender know you have received the results?

Regards,

Mr. Weston:

Attached is a copy of the environmental report that Bureau Veritas prepared for the St. John Parish project in San Lorenzo.

Per our telephone conversation, I am sending you the report to determine what, if any, remediation will be required by the County of Alameda for the site.

I am looking forward to you response.

If you need any additional information please do not hesitate to contact me.

Thank you.
