SITE NAME & ADDRESS: Green on Park Place, 5411 Martinelli Way, Dublin, CA

TOPIC: Over-excavation confirmation soil sampling

SUMMARY:

Temperature = ~75 degrees F, sunny & clear with slight breeze.

Arrived on-site and met with ADR personnel (Steven Ashe & Larry ?). Deepened the excavation pit to 21 ft Bgs. DTW is approximately 20 ft bgs. Collected a groundwater sample. The dimensions of the excavation are approximately 15 feet by 20 feet by 21 feet deep. Currently, widening the excavation based on PIT readings.

Soil and groundwater samples will be sent to Alpha Analytical in Sacramento, CA.

No obvious signs of soil contamination or odors from the pit.

Over-excavation is expected to be completed by tomorrow.
