August 13, 2009

Mr. Steven Plunkett
Hazardous Material Specialist
Alameda County Health Care Services
1131 Harbor Bay Parkway, Suite 250
Alameda, CA 94502-6577

Subject: 1630 Park Street, Alameda, CA 94501

Dear Mr. Plunkett:

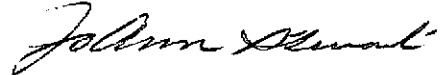

This letter is in response to your letter of July 22, 2009, which we recently received. Good Chevrolet ceased doing business on September 30, 2008, and no longer receive mail at the 1630 Park Street address. Any mail sent that address is forwarded to our P. O. Box 1730, Alameda, CA 94501, but it can take several weeks to get delivery of mail address to the physical location.

In your letter you indicate that our wells have not been monitored since June 2003. That is incorrect. The wells were monitored on April 4, 2008, under the direction of Blymer Engineers. However, until the State Fund notifies us that they will be in a position to reimburse our cleanup expenses, as well as reimburse us for our Request # 8, we will be financially unable to continue monitoring the groundwater wells as you have requested.

As soon as we hear from the State Fund, we will resume our cleanup activities.

Sincerely yours,

GOOD CHEVROLET

Jo Ann Stewart
