Subject: RO8 1630 Park St, Alameda, CA - Request for Quarterly Groundwater Monitoring & Sampling Reports
Date: Thursday, February 28, 2013 3:07:21 PM

Hi Bob: While reviewing the Interim Source Removal Report, I noticed that the latest groundwater results cited were from July 2012. Were the wells sampled in November? From now on, please submit the quarterly sampling reports 30 days after the sample date in an effort to provide timely water quality data and please sample on a quarterly basis all site and off-site monitoring wells and DPE wells.

Thanks,

Karel Detterman, PG
