7/29/94			8.90	14.45	5.55	18
8/03/94			8.45	14.45	6.00 ↑	30

**Notes:**

na = not applicable

<sup>1</sup> Reference elevation is top of well casing and relative to Port of Oakland Datum (3.2 feet below MSL). Reference elevations surveyed on June 8, 1994 by Creiner Associates.

<sup>2</sup> Depths measured from top of well casing.

<sup>3</sup> For MW-1 the estimated amount bailed is approximately 75% product vs. 25% water, For MW-3 the estimated amount bailed is 100% product.
