Subject: Case No. RO 0000016 Oakland

Barbara,

Thank you for taking my call this morning. As the new project manager for the subject site (Case No. RO 0000016) in Oakland I have attached my contact information. As we discussed the project is now funded for semi-annual groundwater monitoring and preparation of a soil vapor investigation work plan. Please consider the following schedule extension which differs from that described in the USPS letter of September 12, 2011 as follows:

- March 16, 2012 – Soil Vapor Investigation Work Plan Submittal
- March 30, 2012 – Semiannual Groundwater Monitoring Report Submittal (for sampling to be conducted in late February)
- September 30, 2012 – Semiannual Groundwater Monitoring Report Submittal (for sampling to be conducted in August)

TRC has completed uploading the well logs to Geotracker as requested.

Thank you for considering this request and please feel free to contact me at any time.

Best Regards,
Gary E. Gunderson, P.E.
