Subject: FW: Carnation Property Environmental Issues

Hi Barney:

Can you add this guy to the Cc list for all future correspondence? Thanks. Also, when we get the results of the next sampling let me know so that I can inform Mary Orthendal of EDAB. Last, if any meeting is scheduled let me know so that I can inform EDAB.

Subject: Carnation Property Environmental Issues

Mr. Levi:

As a representative of the City of Oakland's Community and Economic Development Agency I wish to be added to the copy distribution list for the Carnation Property Remediation Project. The City is very interested in the reuse of this important property.
