Subject: FW: Carnation Dairies - Case RO-000018

let's talk about an OT schedule for this. Lets code all dailies from July 1, 2007 for this site as SLIC. & I can make a meeting on 7/31.

Pending LOP Invoice run - Also, pls change the appropriate Envision fileds to SLIC & ask Jason if he can change the finance code to SLIC.

Subject: Carnation Dairies - Case RO-000018

Donna: I am writing on behalf of Nestle USA, Inc. to request that the agency oversight of the Carnation Dairy matter be transferred from the current UST program into the SLIC program within Alameda County Health Agency. I understand that an invoice will be sent requesting a \$12,000 deposit for agency oversight costs. Please forward that invoice to me to and Ken Cheitlin at Hall Equities.

We would like to schedule a meeting with Barney Chan and Nestlé's consultant so that the consultant may present an overview of the matter to date. Potential meeting dates are July 20, 30 and 31. Please have Mr. Chan contact me directly via email or at the phone number below to schedule the presentation.

Thank you for your prompt response to our questions and your assistance with this matter.
