06/25/07, 930a, Jennifer Costanza, represents Nestle

Explained process for site if want expedited review.
Place in ACEH SLIC program, CW would work on case on OT only.
Site has old deed restriction not filed in county name.

Based on CW, site is not immediately closeable, need review of reports & some additional/ current data. Previous work 10 yrs ago? Does site meet current standards?

CW anticipates significant time needed for review of reports, est. 2x the typ deposit needed, \$12k to perform review & determine next steps.

If requesting this expedited review, case is not going to take a couple hours to review (Ken's impression). CW will need to spend good portion of review 1st to determine how close to closure site is & identify additional data needs.

W/ Jennifer, establish Ken represents current property owner who is selling property.

Nestle is not requesting expedited review, current property owner is. Appears question of property owner wants someone else to pay for oversight. She will discuss with Ken.
