Hello Mr. Plunkett:

This is a follow up to our telephone conversation of April 17, 2008 concerning the status of your review of the subject case and a decision on how the Port should proceed based on their February 7, 2008 responses to your directive letter of December 13, 2007. At the time you indicated that you had not yet had the opportunity to review the case with Ms. Donna Drogos at your regular weekly project review meetings, but planned to do so at the next scheduled meeting on either April 23 or April 30 and subsequently notify the Port of your decision. Since in my discussion with Mr. John Prall this morning (05/13/08) he indicated that the Port had not yet heard from you, I am sending you this follow up note of status inquiry.

Thanks.
