Subject: RE: Roadway Express site, 1708 Wood Street, Oakland

Hello Gary,

Yes, we would like the preferential pathway evaluation to be conduct prior to preparing the work plan. We would hope that the results of the preferential pathway evaluation will aid in selecting optimal sampling locations should it be determined that preferential pathways exist.

Please do not hesitate to contact me should you have any additional concerns or comments regarding the letter.

Sincerely,

Paresh C. Khatri

Hi Paresh,

We received your letter concerning the subject site, but wanted to clarify something with you. Am I reading your letter correctly and you are requesting the Preferential Pathway Study to be done prior to submitting the workplan for additional site assessment and the results of the Preferential Pathway Study to be included in the workplan?
