Paresh,

I hope your holiday was enjoyable.

I am in the process of scheduling the 3rd quarter groundwater monitoring event at the Roadway Express Site (1708 Wood Street). I just wanted to notify you and also to check to see if there are any changes that need to be made to the sampling plan based on your review of the 2nd quarter groundwater monitoring report submitted at the end of April.

Tentatively I would like to schedule the sampling for the middle of this week or next week if there are no objections or changes to the sampling plan.
