**Subject:** SOUTHERN PACIFIC TRANSPORTATION COMPANY (SLT2O193296)

Good Morning Mark,

I am reviewing the Alameda County Environmental Health (ACEH) case file for Roadway Express, located at 1708 Wood St. in Oakland, ACEH case file number RO0000039. It appears the site identified in the subject line Southern Pacific site is located in the middle of the Roadway Express property. I believe the subject site is actually located a few blocks to the southwest of my site. Could someone at the Regional Board re-position the site so it does not appear the SCP case is associated with activities at Roadway Express?

Thank you in advance for your cooperation,  
Keith Nowell
