Entry Type: Phone call

Start: Tue 8/5/2008 3:51 PM
End: Tue 8/5/2008 3:51 PM
Duration: 0 hours

Patrick Bratton called and said that while out in the field conducting the approved fieldwork, he discovered MW-1. This well was welded shut with a lid that did not resemble typical MW box. He requested permission to abandon this well since it is screened all the way to the surface like MW-2, which is already approved for destruction. I approved well destruction since the well is a potential conduit.
