Duration: 5 minutes

Exchanged voicemail messages and eventually spoke with Ms. Julie Hart with CBRG, a real estate brokerage company. She was calling about Roadway Express, RO39 , wanting to know the status of the case. I said a comprehensive review of the case file has not been performed, but I recalled additional work may be needed due to residual metals and TPH contamination. I mentioned the site is located in an industrial/commercial area and that this may negate further work. Future work, if any, could determined after the comprehensive case file review.
