BRIEF HISTORY

- May 15, 1987, a waste-oil tank was removed from the site by Crosby and Overton. The former location of the tank is shown on Plate P-1. Contaminated soil removed from the excavation was hauled to a Class I landfill. The excavation was backfilled with clean sand.
- ARCO plans no further work at this site at this time, as indicated in a telephone conversation with Mr. Gerow of the Alameda County Department of Health Services and Brown and Caldwell, on September 28, 1987.
