ADDENDUM TO PROPOSED WORK PLAN
for
GSA U.S.T. REMOVAL:

12/9/93

for
ALAMEDA FEDERAL CENTER
620 CENTRAL AVENUE - ALAMEDA, CALIFORNIA

The following addendum is submitted to address six issues of concern raised by Juliet Shin of Alameda County Health Care Services' Hazardous Materials Division. The concerns are to the U.S.T. removal plan filed by T & T EARTH SERVICES for the GSA site at 620 Central Avenue, Alameda, California.

PART I

WASTE OIL TANK SAMPLE ANALYSIS

The waste oil tanks (#1 and #3) on site will be sampled for the following constituents:

Constituent	Soil Method	Water Method
TPH-G	Cal Luft(5030)	Cal Luft(5030)
TPH-D	Cal Luft	Cal Luft (3510)
BTEX	8020	602
METALS, Cd,Cr,Pb, Zn,Ni	ICAP	ICAP
PCB,PCP,PNA		
CREOSOTE	8270	8270

PART II

Please see attached copies of employees' current 40-Hour OSHA training certificates.

PART III

See copy of attached zone 7 approved boring permit.

PART IV

No ground water will be pumped during the tank pit during or prior to the removal procedure. This therefore eliminates the concern for ground water holding and or sampling before discharging or disposal.

PART V

All piping will either be removed and transported with the tanks or where necessary due to conflict with structures will be triple rinsed and capped before being left in place.

PART VI

My apologies for sending three copies of the entire work plan. As the ACHAZMAT guideline call for three copies of their form we incorrectly assumed that three copies of the entire work plan were requested.

ADDITIONAL

We are aware of the frequent need for additional samples to be taken at the time of tank removals and are fully prepare to complete additional sampling as deemed appropriate at the time of removal.

Respectfully submitted,

Tim K. Smith
Reg. Cal. Geologist #4013
R.E.A. #00291
December 9, 1993

Other attachments: workman's comp. cert., haz mat cert.,
contractors license cert., H & S training cert., (SENT 1/11/94)

Re: Your letter of 12-15-93 to Ms. Chin of GSA

Dear Ms. Shin:

As per our conversation of today and with regards to the
aforementioned letter, please find enclosed the following items:

- ▶ Hunt Drilling Company's State Contractors State License Board
Certification with attached copy of expiration card;
- ▶ Thomas H. Hunt's Hazardous Substances Removal & Remedial Actions
Certification;
- ▶ Hunt Drilling Company's Certificate of Workman's Comp (already in
your possession)
- ▶ A copy of the approved drilling permit from Zone 7

As per Mr. Smith's subsequent call to your office later this day,
changes and/or additions and/or reminders to the closure plan will
be forthcoming.

Sincerely,

Pamela Howard,
Secretary for
Tim K. Smith
