Received call @ 3:52 pm from Mark Wilson of Shamfzad Construction; status of review?

Return call at 4:15; let Mark know case was transferred due to a bit of involvement by myself at the site as a consultant. Transferred to Barbara Jakub. Review delayed due to new state requirements (Res 2009-0042); explain details of delay (ALL sites before ANY letters), but should be reviewed over next 4 – 6 months.
