---

April 1, 2012 ConocoPhillips divided the company's assets into two separate legal entities. All these retail marketing assets and associated liabilities are currently owned by The Phillips 66 Company. Ed Ralston currently manages these assets. I have copies Mr. Ralston on this correspondence.

Since these environmental cases potentially have financial matters that involve another company's private matters, I respectfully request to be removed from all future correspondence.

Thank you

Bill Borgh

**Subject:** [EXTERNAL]Fuel Leak Case No. R00000066, BP #11126, 1700 Powell Stree, Emeryville, CA

Hi Hollis:

I have completed my case review for the subject site and have quite a few questions and comments to go over regarding the following documents:

- EAB Implementation, dated October 9, 2012
- Second Quarter 2012 Monitoring Report, dated July 31, 2012
- Feasibility Study and Corrective Action Plan, dated October 14, 2011
- Soil and Water Investigation Report, dated February 11, 2011

I originally intended to schedule a teleconference to discuss my comments. However, after completing my review yesterday think it would be best to have a meeting. I am available on Thursday and Friday this week. If that works for you please propose a time and I will reserve a room. I will forward my draft comments to you prior to our meeting so you can look them over,

however, unfortunately I left them on my computer at home and so will have to do so tomorrow.

Thanks,

**Dilan Roe, P.E.**

**Subject:** RO066 BP11126 - Emeryville

Dilan:

I am going on vacation next Thursday and would love to get the 30 day notification out for this site so we can move forward with remediation. Can you give me some dates/times you could be available for a call to discuss? Or email me your questions if that's easier and I can reply. Let me know what works.

Thanks  
Hollis
