Hi all,

I wanted to provide the official Work Plan submittal extension that has been under discussion for the referenced site. The extension will allow ConocoPhillips / Delta to utilize the data generated at the adjacent site (RO 2621; Emeryville Industrial Court) as requested in recent directive letters. Both properties overlie the former Unocal bulk fuel plant and share a common source area; the data will help further progress site investigations and allow better placing of future site investigation bores. As a consequence ACEH extends the schedule for the submittal of the Work Plan for Soil and Water Investigation by 90 days to April 30, 2010.

Should you have questions, please contact me.

Best,
