Here you go. Many times it's largely duplication, but sometimes you get some real doozies for results. Those are often the interesting ones...

Dear Mr. Detterman,

Thank you for bringing this to my attention. I have attached the appropriate Alameda County Public Works form for your signature. Once again, if you have any questions, please call Laura Heberle at (916) 889-8918.

Respectfully,

---

Michael,

Here's the signed DWR form. I see I didn't specify in the letter, but the well survey should also include review of well data from Alameda County Public Works. You can get that form (nearly the same as this one) from their website. I think we have a link over there on our website, but just do a search on the web. I'll need to sign that one too. The two databases are just sufficiently different that it pays to check both.....

Best,

*Mark Detterman*

**Subject:** Request for DWR Well Completion Reports ~COR-060716~

Dear Mr. Detterman,

On behalf of Chevron Environmental Management Company, for itself and as Attorney-in-Fact for Union Oil Company of California, requests authorization from you to attain well completion reports from the California Department of Water Resources (DWR) within a half-mile radius of the Tosco 76 #3737/Chevron site identified on the attached form. CRA would like to review this information to determine if the wells are potential receptors. DWR requires regulator permission to release well completion information.

Please complete and sign the attached form (Well Completion Report Release Request and Confidentiality Agreement) and return to me as soon as possible.

If you have any questions, please call Laura Heberle at (916) 889-8918.

Respectfully,

---

**WELL COMPLETION REPORT RELEASE REQUEST AND CONFIDENTIALITY AGREEMENT  
REGULATORY-RELATED ENVIRONMENTAL CLEANUP STUDY**

Well Completion Reports associated with wells located within two miles of an area affected or potentially affected by a known unauthorized release of a contaminant will be made available upon request to any person performing an environmental cleanup study associated with the unauthorized release, if the study is conducted pursuant to a regulatory agency order (Water Code Section 13752).

Requests must be made on the form below, signed and submitted to the appropriate DWR District Office. Please provide the township, range, and section of the property where the study is to be conducted. Attach a map or a sketch with a north arrow, and provide as much identifying information requested below as possible; additional paper may be attached if necessary.

By signing below, the requester acknowledges and agrees that, in compliance with Section 13752, the information obtained from these reports will be kept confidential and will not be disseminated, published, or made available for inspection by the public. Copies obtained must be stamped **CONFIDENTIAL** and kept in a restricted file accessible only to authorized personnel. These reports must not be used for any purpose other than for the purpose of conducting the environmental cleanup study.
