Subject: RE: Work Plan Extension: RO 67: 1400 Powell Street

I have been in communication with Matt Hall of Treadwell & Rollo in regards to the implementation of field work at the Former Emeryville Industrial Court site (RO2621) at 5885 Hollis St. Because it has taken longer than expected to implement the field work to obtain environmental data on which ConocoPhillips and Delta Environmental will in part be basing a work plan on, I thought it appropriate to extend the work plan submittal deadline by 30 days. This would allow data sharing as previously requested by ACEH, and incorporation of the data in the work plan for RO67 (Tosco 76 #3737 / Chevron at 1400 Powell St). The revised deadline will be May 31, 2010. Please let me know if there are questions.

Subject: Work Plan Extension: RO 67: 1400 Powell Street

Hi all,

I wanted to provide the official Work Plan submittal extension that has been under discussion for the referenced site. The extension will allow ConocoPhillips / Delta to utilize the data generated at the adjacent site (RO 2621; Emeryville Industrial Court) as requested in recent directive letters. Both properties overlie the former Unocal bulk fuel plant and share a common source area; the data will help further progress site investigations and allow better placing of future site investigation bores. As a consequence ACEH extends the schedule for the submittal of the Work Plan for Soil and Water Investigation by 90 days to April 30, 2010.

Should you have questions, please contact me.

Best,

Mark Detterman
