Thanks Leonard. I appreciate the update on the project. Many cases are moving towards closure in California under the Low Threat Closure Policy, but this one is now lagging. It would be good to find a path forward and get it moving.

Mark,

I wanted to touch base with you to let you know that Debra Boopsingh is no longer with Green Star, and I have taken over the responsibilities on this site for Green Star. We are finishing up a work plan for submittal to you to address the agency's last letter and the approach we would like to take. I anticipate it will be about 2 weeks when we are finished and can send you the work plan submittal.

Please let me know you received this and if you have any questions in the meantime.

Thanks for your patience and we look forward to working with you on this project.
