Dear Sir:

The attached "Notice of Reimbursement" is not a bill. It is required by our contract with the State Water Resources Control Board that we send this letter to all responsible parties involved in a leaking petroleum underground tank site. A responsible party may be the operator of the tank or the property owner. You fall into the following category:

The site is contaminated and the Alameda County Local Oversight Program will be overseeing the cleanup through to "no further action needed." This letter says that you will be billed for the time that our technical staff spends on your case **after** the work has been accomplished.

We will work with you to expedite the remediation of your site.

If you have any questions please call this office at 271-4530 and ask for the specialist noted in the accompanying notice.

Sincerely,

A handwritten signature in cursive script that reads "Thomas F. Peacock".

Hazardous Material Division
