Hello Mr. Detterman:

I am helping out on the upcoming field work for CA-4931 (ACEH case No. RO0000076), located at 731 W. MacArthur Boulevard in Oakland. This work includes completion of one soil boring for soil and groundwater sampling and installation of two soil vapor probes as described in the *ARCADIS Work Plan for Additional Site Investigation* dated December 22, 2014 and your directive letter dated February 11, 2015.

Per your directive letter ARCADIS is required to provide you 72-hour advance written notification prior to the start of the field activities. I am contacting you to provide the advanced notification of our field work.

We are scheduled to begin the site investigation on Tuesday, May 12. Our start time will be 7:00 am. We anticipate to be onsite just that one day with work hours of 7:00 am to approximately 5:00 pm.

Please let me know if you have any questions with the upcoming work.

Thank you,
Jamey
