Dear Mr. Khatri:

On August 12, 2010 Atlantic Richfield Corporation (ARC) and Broadbent & Associates, Inc. (BAI) received a *Monitoring Well Destruction and Landowner Notification* letter indicating that the above referenced Site (ACEH RO #77) was approved for case closure. This letter also requested that a *Well Destruction Report* be submitted to ACEH by November 10, 2010. BAI has been working with ARC and BAI subcontractors to complete the well destructions at the Site in a timely manner. However, due to ARC's new safety program and work approval process the initiation of field work has been delayed by approximately 6-12 weeks.

Therefore, BAI requests that the original *Well Destruction Report* date of November 10, 2010 be extended to December 28, 2010.

A response to our request is appreciated.
