Dear Ms. Jakub:

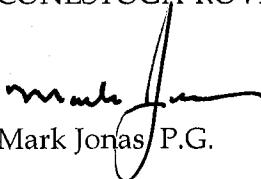

Re: Modify July 1, 2008 *Groundwater Monitoring Work Plan*
1137- 1167 65th Street, Oakland, California 94608
CRA Project No. 521000
Agency Case No. RO0000082

On behalf of Mr. John Nady (Nady), Conestoga-Rovers & Associates (CRA) is requesting a modification to our July 1, 2008 *Groundwater Monitoring Work Plan* (Work Plan). The modification was a result a review of a cost pre-approval request to the Underground Storage Tank Cleanup Fund.

Pending your approval, we propose to perform the expanded sampling event presented in the Work Plan only for one quarter. Subsequent monitoring events will revert to the prior approved protocol, specifically quarterly monitoring of TPHg, BTEX, and TPHss, along with TPHd and TPHmo with Silica Gel Cleanup for groundwater sampled from MW-1A, MW-2A, MW-3A, MW-4A, MW-6A, MW-7A, and MW-6B. Groundwater from monitoring wells MW-1A, MW-3A, MW-6A, MW-7A, MW-1B, MW-6B, and MW-6C will also be analyzed for EPA 8010 Target List by EPA 8260. All monitoring wells will be gauged quarterly for water level.

If you have any questions, please call me at (510) 420-3307.

Yours truly,
CONESTOGA-ROVERS & ASSOCIATES

Mark Jonas P.G.
