Entry Type: Phone call
Start: Thu 4/17/2008 11:30 AM
End: Thu 4/17/2008 11:36 AM
Duration: 6 minutes
Categories: Phone Calls

I received a voice-mail message from Kelly Engineer on Wednesday, April 18, 2008. I returned his call this morning. Mr. Engineer stated that he will get the ball rolling and will be contacting some environmental companies to collect groundwater samples. He also indicated that he may need additional time to conduct the additional work. I told Mr. Engineer to keep me updated on his progress and if he needs time, to let me know in advance.
