Subject: Interim Remedial Action for Eagle Gas (RO096)

Hi Jerry:

With your preliminary concurrence for the interim remedial action at the Eagle Gas station, I have scheduled to install the proposed DPE wells on Sep. 29 - 30 and Oct. 1, 7, 8 at the station following your July 9, 2009 letter. The 30-day DPE interim remedial action and pilot test likely will be conducted in November or December after the well development and the acceptance from the station tenant. The 4Q09 semi-annual groundwater monitoring will be conducted in November prior to the DPE. The DPE IRA Work Plan Addendum was submitted on August 11, 2009. Have a good day.

Best regards,

Jim Ho, Ph.D., P.E.
