W/P dated 5/21/97

- Generally investigation OK. Should have analyzed for MBE by 8260 to verify false positive.
- Need landuse around property. Ask consultant to submit a site map that indicates adjacent landuse.
- Apply for closure.

6/23/97 → Rec call from Matt Bromley w/ Century West. He cannot "off-hand" provide a site map w/ surrounding landuse. Told him I would go out & check the site & if was clear cut, ~~we could~~ we could proceed w/ closure w/out a site map that is to scale.
