Subject: PG&E Oakland GC Yard CAP status

Anne – thanks you for your time this morning. As we discussed, the Correction Action Completion Report for the Oakland GC yard will be provided by the end of November 2016. The asphalt cap replacement was conducted during July and August 2016. A Land Use Covenant and Site Management Plan are also being prepared as required by the CAP and will be provided under separate cover.

Also, as I mentioned, I will retiring at the end of the year. Carol Yamane, copied on this email, will take over this project.

Please let me know if you have any questions.

Kathleen
