Subject: 1532 Peralta Street, Oakland (ACDEH Fuel Leak Case No. RO0000117)

Keith,

As a brief update, per your most recent Document Request Letter dated 6/15/18, we are currently preparing the Site Conceptual Model for the subject property that will be included with our Groundwater Monitoring Report for the 1st Quarter 2017 event performed at the site in March 2017. We anticipate uploading the report and SCM to the State GeoTraker by end of next week.

Regards,

Brent A. Wheeler
