Toni,  
Please use this email to document ACEH concurrence on an extension request. I've used a slightly different date of September 27<sup>th</sup>.

Also in regards to the groundwater monitoring event. This would be fine. Please also use this email to document ACEH concurrence with the request.

My intent is to keep GWM events from becoming high stress submittal deadlines and were based on past delivery dates. These can be changed, but the hope remains that these dates won't require consistent attention and can simply flow forward.

**Importance:** High

Hi Mark,

I am writing in response to the ACEH's directive letter dated May 23, 2013 requesting a data gap workplan and path to closure schedule on August 2, 2013.

ARCADIS is in the midst of preparing the documents, but needs time for review both internally and by the client. Therefore, I am requesting an extension from August 2 to September 30.

I called and left you a voice mail this morning. Please feel free to call me as well.

Thank you for your time.

Sincerely,  
Toni DeMayo
