Subject: Alaska Gas Field Work Schedule - 6211 San Pablo Avenue, Oakland, CA, Fuel Leak Case No. 127

Pritpaul

I wanted to make sure that you were aware of the field work schedule for your site. We plan to complete the monitoring well installation activities as well as soil vapor installation activities for your site on Thursday and Friday February 11th and 12th, 2010. Upon the completion of the work, we can begin to move forward with the pilot study activities. Please feel free to call me if you have any questions regarding the upcoming work.

Regards

Jeremy Smith, REA II
