## Final Corrective Action Plan and Notification to Proceed

6211 San Pablo Avenue  
Oakland, California  
AEI Project # 280346  
Fuel Leak Case RO0000127

Dear Mr. Khatri:

All Environmental Inc. (AEI) has prepared this Final Corrective Action Plan (CAP) and Notification to Proceed on behalf of Mr. Pritpaul Sappal (client) for the above reference site. The original CAP, dated March 23, 2011, outlined details for the proposed soil excavation activities which was conditionally approved by the Alameda County Health Care Services Agency (ACHCSA) in a letter dated April 7, 2011. The following condition was required "no portion of the excavated soil will be reused at the site". AEI concurs with this requirement and plans to off-haul all excavated soil to a certified landfill as outlined in the CAP. Therefore, soil will not be stockpiled and profiled onsite with the possibility of re-use as originally proposed.

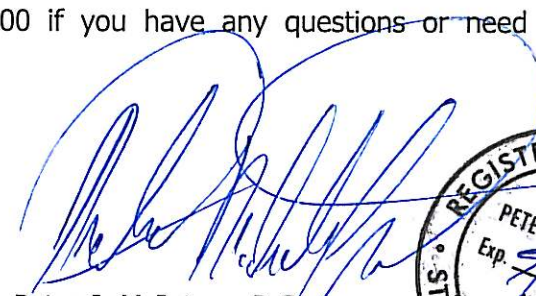

In addition, the "Fact Sheet on Environmental Assessment" public notification form was mailed out prior to April 25, 2011 to each of the recipients proved by the ACHCSA. As of the May 18, 2011 response deadline, no responses have been received by either AEI or the ACHCSA. Therefore, AEI plans to commence the proposed excavation activities on May 23, 2011 as outlined in the original CAP.

Please contact the undersigned at (925) 746-6000 if you have any questions or need any additional information.

Sincerely,  
**AEI Consultants**
