Subject: Notice of Enforcement Referral; Fuel Leak Case No. RO0000131 and GeoTracker  
Global ID T0600102132, FG Gasoline, 3314 San Pablo Ave., Oakland, CA 94608

Dear Mr. Hill:

This is a notice of an enforcement referral for the subject site. Site Responsible Parties are non-responsive to Alameda County Environmental Health (ACEH) requests and are recalcitrant. As a consequence, ACEH is referring this site to the San Francisco Bay Regional Water Quality Control Board for enforcement actions.

**Site Background**

Four gasoline USTs were removed from the site. Up to concentrations in soil were 8,000 mg/kg TPHg and 4 mg/kg benzene were left in place in soil. Up to 46,000 µg/L TPHg and 440µg/L benzene was detected in groundwater. Contaminated soil removed from the tank pit was placed back in the excavation with no treatment. No samples were collected from beneath the dispenser islands and no MTBE analysis was performed on groundwater.

A work plan was subsequently submitted and approved in December 2000 but was not implemented and no further reports documenting work has been received. The lateral and vertical extent of contamination is undefined.

A request to claim the site was made on July 3, 2008 and a Notice of Violation was issued on February 14, 2011. No response has been received.

Should you have any questions, please contact me at (510) 639-1287 or send me an electronic mail message at [barbara.jakub@acgov.org](mailto:barbara.jakub@acgov.org).

Sincerely,

Barbara J. Jakub, P.G.  
Senior Hazardous Materials Specialist
