Hello Ms. Jakub,

This email is simply a follow-up to the voicemail I left you earlier regarding Case No. RO0000133, Former City of Paris Cleaners in Oakland. The delay in payments from the cleanup fund caused a delay in our work as well. We are happy to report that we have been approved for bridge funding from Envirocap and will be proceeding with your recommendations in your directive letter dated March 10, 2009. We have passed the recommended due dates and would like to ask for an extension until August 2009. Now that we have financing, we will can construct a work plan and proceed. Thank you for your consideration.
