Hi James,

Did this site get sampled in March of this year? Since there was a remedial effort at well MW-5, it looks like there might be some rebound. I'd request that this site be kept on a semi-annual sampling basis for the interim; this one is also on my short list.

Hey Mark,

This one is coming up soon as well. Let me know your thoughts on possible suspension or perhaps annual during Q1 to allow time for document review?

Sincerely,
