NOTICE TO COMPLY

Subject: Extension Request Denial; Fuel Leak Case No. RO0000138; Global ID # T0600102248; Chevron #9-0517 / Homestead Federal Savings, 3900 Piedmont Avenue, Oakland CA 94610

Dear Mesdames MacLeod and Riasanovsky, and Mr. & Mrs. Goodhue:

Alameda County Department of Environmental Health (ACDEH) staff has reviewed the case file, including the *Request for Extension*, dated December 22, 2017. The extension requested an extension to the due date for the Data Gap Work Plan. The extension is denied for the reasons stated below in the Technical Comment section of this letter.

Implementation of site characterization at this site is important in order to be protective of human health and the environment and to move this case towards closure. Please note that as an identified Responsible Party, you are required by California Code of Regulations (Title 23, Division 3, Chapter 16, Article 11, §2720 through §2728) to characterize the site and implement any necessary corrective action.

Based on the review of the case file ACDEH requests that you address the following technical comments and send us the documents requested below.

TECHNICAL COMMENTS

- 1. Data Gap Work Plan** – ACDEH recognizes that the State Water Resource Control Board (SWB) will respond to the Request for Closure denial contained in the October 10, 2017 directive letter; however, as the lead agency ACDEH has been tasked by the SWB with moving all cases to closure in a consistent manner. Therefore, in the interim until the SWB responds, ACDEH reaffirms the requirement for the Data Gap Work Plan. At this time the above-referenced site is not in compliance with ACDEH October 10, 2017 letter, which required the submittal of a Data Gap Work Plan by December 22, 2017. Please submit the Data Gap Work Plan by the date identified below.

TECHNICAL REPORT REQUEST

Please upload technical reports to the ACDEH ftp site (Attention: Mark Detterman), and to the State Water Resources Control Board's Geotracker website, in accordance with the following specified file naming convention and schedule:

- **December 22, 2017 February 5, 2018** – Data Gap Work Plan
File to be named: WP_R_YYYY-mm-dd
- **March 30, 2018** – Annual Groundwater Monitoring Report
File to be named: RO138_GWM_R_YYYY-mm-dd

These reports are being requested pursuant to California Health and Safety Code Section 25296.10. 23 CCR Sections 2652 through 2654, and 2721 through 2728 outline the responsibilities of a responsible party in response to an unauthorized release from a petroleum UST system, and require your compliance with this request.

Online case files are available for review at the following website: <http://www.acgov.org/aceh/index.htm>. If your email address does not appear on the cover page of this notification, ACEH is requesting you provide your email address so that we can correspond with you quickly and efficiently regarding your case.

Should you have any questions, please contact me at (510) 567--6876 or send me an electronic mail message at mark.detterman@acgov.org.

Sincerely,
