Subject: Extension Request for Chevron #9-0517 / Home Federal Savings (RO138)

Hi Travis, Hi Carryl,

I noticed an extension request had come in and wanted to respond. In regards to the Revised Figure 2, ACEH is agreeable with the October 31, 2012 extension request for a revised figure 2; however, let's hold off on the subsurface investigation as a September 30, 2013 date is not reasonable. Once I have a chance to review the revised figure and review the site against the LTCP we can set a date. Hope this works for now. Please use this email as documentation of the change. I'll update Geotracker shortly.

Best,
