Subject: RE: RO138 Chevron 90517 Request for Closure letter Update

Hi Eva,

I've extended the submittal due date to August 10th per your timeline, and it's been updated on Geotracker. Have a good trip. I'll be on vacation between August 2nd and 15th.

Subject: RO138 Chevron 90517 Request for Closure letter Update

Mark,

As part of the May 4, 2018 Portfolio meeting we had discussed a submittal deadline of June 30th for the request for closure with the updated storm sewer data and requested plume length analysis. With Carryl having been on vacation and me going on vacation the next two weeks we are not able to get it to you this week like we anticipated.

The report needs a few more edits which will be completed when I return the week of July 30th and we plan on submitting the report no later than August 10, 2018.

Thanks for your understanding!

Regards,
Eva
