Subject: RE: Your draft response and an update on your request

Steven,

Thank you very much for the draft. By my reading, it appears to respond in a manner that I believe will satisfy our NEPA consultant, the City of Oakland (as the Responsible Party, and, most especially, our friends at HUD.

Per your request, I returned and looked through my set of plans for the cross-sectional detail of the 27" concrete mat slab. Not finding that specific detail, I contacted our architects, and they are sending me an updated, PDF'd copy of the most recent iteration of the construction drawings. Similarly, I'm told that I will also receive a copy of the structural engineer's detail for the concrete mat slab, which will cover the entire site. I hope to be able to forward these to you electronically by very early next week.

Again, please know that I am very appreciative of your very expeditious response. My thanks, as well, is sent to you, Donna and Dan for a very productive and a most eventful meeting on this past Wednesday. Please do not hesitate to contact me immediately, in the event I can be of assistance in answering questions or providing any additional information.

Gentlemen,

Attached you will find ACEH's draft response, which we discussed during our meeting on May 6, 2009.

Thank you for your cooperation.

Sincerely,
Steven Plunkett
