Subject: RE: RO 0143 Former Chevron Station 90020 1633 Harrison Street, Oakland - Remediation Progress Report Extension Request

Mark,

Conestoga-Rover and Associates (CRA) on behalf of Chevron Environmental Management Company (EMC) would like to request an extension for the Remediation Progress Report which was requested by Alameda County Environmental Health (ACEH) in their letter dated August 2, 2012 and due on October 26, 2012. The reason for this extension request is, CRA needed to verifying the large amount of data that was collected during the remedial and redevelopment activities. Also both CRA and EMC are preparing for a meeting with ACEH to discuss the sites within ACEH's jurisdiction. It would be beneficial to submit the report after the November 1, 2012 meeting with ACEH. Therefore an extension of **November 9, 2012** for the submittal of the Remedial Progress Report is requested.

Thanks,

Nathan Lee, P.G.

The reason for this extension request is, CRA needed to verifying the large amount of data that was collected during the remedial and redevelopment activities. It took more time than expected to review and verify the data and because of that the report is taken longer to complete. Therefore an extension of **October 26, 2012** for the submittal of the Remedial Progress Report is requested.
