Subject: RE: 2703 Martin Luther King Jr Way, Oakland, CA (PlaNet Site ID 60482419 & ACEH RO145): MW-13 Sampling Reduction
Date: Tuesday, August 09, 2016 11:34:00 AM

Sara,

The *Second Quarter 2016 Groundwater Monitoring Report*, dated July 18, 2016, prepared by AECOM recommends a reduced sampling frequency for MW-13 to coincide with the established semi-annual groundwater monitoring at the site. We concur with the recommendation and reporting will continue on a semi-annual reporting basis.

If you have any other questions, please let us know.

Kit

Subject: 2703 Martin Luther King Jr Way, Oakland, CA (PlaNet Site ID 60482419 & ACEH RO145): MW-13 Sampling Reduction

Hi Kit,

This email is to document our conversation yesterday regarding ACEH approving reducing the sampling of MW-13 to semi-annually (2nd and 4th quarters) with the rest of the groundwater monitoring wells at the site. AECOM/Shell will not sample or report groundwater monitoring during the third quarter 2016.

Thank you!
