Subject: Public Comment Period for Fuel Leak Case No. RO0000148 and GeoTracker Global ID T0600100193, Cox Cadillac & Buick, 230 Bay Place, Oakland, CA 94612

Dear Mr. Chakravartula:

Alameda County Environmental Health (ACEH) staff has reviewed your request to extend the public comment period for the above referenced fuel leak case by six additional months provided in correspondence dated December 8, 2011. In previous correspondence dated November 18, 2011, you requested additional time for public comment. In response to your previous request, ACEH extended the end of the public comment period from December 5 to December 12, 2011.

We find that the request for an additional six months of review is not reasonable and we will now proceed with requesting decommissioning of the monitoring wells on site in anticipation of case closure. We have reviewed the site conditions and are not aware of any potential impacts of the case closure on health and safety for your properties. Your December 8, 2011 correspondence also does not identify any potential impacts to your properties. Based on these findings and our experience in reviewing case files which generally take place over a few days, further extension of the public comment period does not appear to be warranted.

Sincerely,

Jerry Wickham, California PG 3766, CEG 1177, and CHG 297
Senior Hazardous Materials Specialist
