Subject: RE: Request for Extension for Comprehensive Report RO151

All,
To accommodate the collection of additional data which has been the subject of much communication, I have extended the due date to September 15, 2017. Should additional time be required, it can be extended further, if appropriate; however, I suspect, and encourage, that additional data will be submitted in a much shorter interval. Regardless, it is understood that this extension is for the "comprehensive" report, inclusive of the findings of the adjacent apartment building. However, please be aware that as a part of the report, ACDEH will request an Interim Remedial Action Plan, including any needed pilot tests, due to site data, as well as preliminary data from the adjacent site.
