Hi Tyson and Ken,

Definitely - Thanks for the update. I don't recall seeing that you've placed the report on the county's ftp website? If not could you also upload it to that site as well? Technically it's only been submitted to the state at this point (unless I'm wrong..), and the county does require a copy (we generally work off our web case file as it's far more complete than Geotracker). If you need details on how to do that, see the third and fourth pages of our recent letter. If you've got questions, please let me know. Otherwise, thanks in advance.

Best,

Mark Detterman

Per your request, the Ras Co Manufacturing ground water monitoring report and surveyed well coordinates have been uploaded to the SWRCB's Geotracker database. Please let me know if you have any questions. Thanks,

Tyson Fulmer
