September 10, 2012; 3:49 pm

Receive VM from Richard Reese, owner of 20555 Garden Ave in regards to well sampling Left work and home phones

September 12, 2012; 11:47am

Receive second V/M from Dick Reese

Return calls 9/12/2012 early afternoon

He is property owner and has been sampling well (likely general chemistry) every year for about 20 yrs. He doesn't use much, but does check yearly as he was asked to do so years ago by an agency. Wanted to know why we're interested in sampling if he's been doing for years. Explain is for a fuel release "upstream" from him; you would not have been testing for these contaminants if you've just been doing general chemistry. OK, understands that and would be OK with a sampling event.
